

Guidewire Software Wins Three Celent XCelent Awards

March 31, 2011

Celent Report recognizes Guidewire ClaimCenter® with top honors for Technology, Functionality, and Customer Base

SAN MATEO, Calif., March 31, 2011:

Guidewire Software®, a leading provider of flexible core systems to property/casualty insurers, today announced that it has been named the winner of three XCelent Awards in Celent's new [Claims System Vendors: North American P/C Insurance 2011](#) report which profiled 22 core claims solutions.

Guidewire ClaimCenter earned XCelent Award honors for top performance, in the areas of:

- Advanced Technology
- Breadth of Functionality (shared Award)
- Customer Base

Additionally, Guidewire ranked a close second in the fourth award category, Depth of Service. The XCelent Awards are based on Celent's ABCD Vendor View, a framework used for evaluating solutions. Vendor scores were determined through RFIs, customer reference surveys and interviews which provided quantitative as well as qualitative data.

"Guidewire made a strong showing in this year's report," said Donald Light, Senior Analyst in Celent's insurance practice and author of the report. "Guidewire ClaimCenter has continued its pattern of strong growth and market acceptance in the U.S. and other geographies. Building on its modern platform and rich functionality, Guidewire has continued to make investments in usability, configurability, workflow, and performance oriented reports."

Commenting on the top performer awards, Guidewire's chief executive officer Marcus Ryu said, "We are very appreciative of the XCelent Awards recognition. We would like to thank our customers for their ongoing support and partnership in helping us continually enhance our products and services to offer even greater value."
