

## Warta Selects Guidewire Solution for Claims Management

March 14, 2013

*TUIR Warta selects Guidewire ClaimCenter® to help transform business processes and provide the highest level customer service.*

WARSAW, Poland & FOSTER CITY, Calif.--(BUSINESS WIRE)--Mar. 14, 2013-- WARTA S.A. Insurance and Reinsurance Company, Poland's second largest non-life insurance company, and Guidewire Software, Inc. (NYSE: GWRE), a leading provider of flexible core systems to non-life insurers, today announced that Warta has selected Guidewire ClaimCenter® as its new claims management system. ClaimCenter will help Warta develop claims services for its customers and refine the company's claims handling processes. Sollers Consulting, a Guidewire PartnerConnect™ alliance program member, will join Guidewire and Warta on the implementation.

"We have been working to make our claims management processes as swift as possible, smooth, and client-friendly. It is very important for us to provide our customers with excellent service," said Rafał Stankiewicz, vice president and Warta board member responsible for claims management. "We selected Guidewire ClaimCenter to support these objectives, because it is one of the leading claims management solutions globally. Together, Guidewire and Sollers Consulting will provide us with the advantages of a best-in-class technology solution and strong knowledge of the Polish insurance market. We are certain that our customers, partners, and our employees will feel the positive changes that this project will enable."

"We are honored to be selected by Warta to help them achieve their strategic business and customer service objectives," said Jeff Proudfoot, vice president, Operations, Guidewire Software Europe. "Guidewire has a strong track record of implementation success across Europe and around the world. We are particularly pleased to receive this vote of confidence from the team at Warta, our third Polish insurance customer, and we look forward to working together to deliver a successful claims transformation platform."

**Guidewire ClaimCenter®** is a leading end-to-end claims management system, built from the ground up to meet the specific needs of today's property/casualty insurers. ClaimCenter's flexible business rules enable claims organizations to define, enforce, and continually refine their preferred claim handling practices in order to optimize and monitor their claim processes. ClaimCenter is in use by insurers of all sizes across all product lines to improve speed and accuracy, reduce loss adjustment expense, and enable proactive management of claims. ClaimCenter is available as a standalone system or as part of Guidewire InsuranceSuite™, and can be integrated to an insurer's legacy systems or third party applications.
