

Guidewire Enhances PartnerConnect Consulting Program with Addition of Product and Regional Specializations

November 16, 2018

Insurers will better understand a partner's level of Guidewire expertise

FOSTER CITY, Calif. & LONDON--(BUSINESS WIRE)--Nov. 16, 2018-- Guidewire Software, Inc. (NYSE: GWRE), provider of the industry platform Property and Casualty (P&C) insurers rely upon, today announced the addition of specializations to its PartnerConnect *Consulting* program. Specializations have been added to aid insurance companies in selecting the best partner to lead or staff their Guidewire projects. Guidewire unveiled new specializations, including two which have been successfully piloted earlier this year.

"Our customers will now have more clarity and information as to which partners have the proven capabilities in their chosen product and region," said Lisa Walsh, vice president, Alliances, Guidewire Software. "Adding these specializations will also allow us to have more insight into a partner's performance and competencies."

To earn a specialization, partners need to demonstrate skills, knowledge, and competency in a specific Guidewire product or solution by certifying staff at multiple levels (specialist and professional) through Guidewire's Partner Education Program, and by providing customer references.

Earlier this year, Guidewire successfully completed a pilot program with two specializations: Regional Premier Americas and Premier Services Engagement. Joining them now are the following new certifications:

- Guidewire PolicyCenter
- Guidewire ClaimCenter
- Guidewire BillingCenter
- Guidewire InsuranceSuite - Integration
- Guidewire InsuranceSuite - Core
- Guidewire Digital Engagement
- Digital UX Complementary
- Guidewire DataHub
- Guidewire DataHub+
- Guidewire Cloud
- Premier Go-to-Market (GTM) – EMEA
- Premier Go-To-Market – North America (formerly Regional Premier Americas)

"We welcome this exciting program evolution and the ability to earn specializations that will help partners better showcase relevant services and capabilities to insurers in their respective regions," said Lars Ackermann, managing partner, IKOR.

"PwC looks forward to the continued enhancements of the excellent, long-standing Guidewire alliance program," said Paul McDonnell, global insurance consulting partner, PwC. "And, we look forward to bringing greater value to our joint clients and continuing global investment in our Guidewire practice."

"Guidewire has a very dynamic ecosystem which we are honored to be a part of. Consulting partners will now be able to showcase their hard-earned Guidewire expertise in a way that is meaningful and helpful to our mutual customers," said Jérôme Isabelle, executive vice president, Strategic Alliances and New Markets, V-NEO from GFT.
