About The Portage la Prairie Mutual Insurance Company

The Portage la Prairie Mutual Insurance Company was organized October 2, 1884, based on the underlying principles of security, integrity, hard work and personalized service. Over the years, we've made a lot of changes in the way we do business. We've expanded our property and casualty insurance products and services to offer agricultural, auto, condominium unit owner, contractor, disaster planning/recovery, home business, office, realty, residential, retailer, and tenant insurance packages, and built a reputation as one of the most responsive property and casualty insurers in Canada. But the underlying principles that guide our company -and the friendly, small town style of doing business- remain the same.

Our products are provided through a network of more than 500 independent insurance brokers supported by our Head Office in Portage la Prairie, Manitoba, as well as by Branch Offices in Edmonton, Bedford, and St. Catharines, Canada; and Claims Service Offices in Brandon, Dauphin, Saskatoon, and Winnipeg, Canada.

As a 100% Canadian-owned mutual insurance company, the success of Portage Mutual depends upon serving policyholders with fairness, and showing genuine concern for their security. We do this by providing reasonably priced, flexible insurance products and by supporting our brokers with exemplary service.
