New partner's evidential video reporting capable of transforming claims life-cycle reporting

LIVERPOOL, England & LONDON--(BUSINESS WIRE)--Sep. 18, 2019-- eviid, a market leader in secure evidential video technology, and Guidewire Software, Inc. (NYSE: GWRE), provider of the industry platform general insurers rely upon, today announced that eviid has joined Guidewire PartnerConnect™ as a *Solution* partner.

eviid offers insurance companies enterprise-scalable video solutions for use across the entire claims process, from FNOL through to resolution. These solutions can deliver significant operational efficiencies, cost-savings, rapid ROI, and reduced customer effort for insurers, utility providers, and adjusters worldwide. As a PartnerConnect *Solution* partner, eviid plans to employ the [Guidewire DevConnect™](#) developer platform to produce an add-on for Guidewire ClaimCenter™. Insurers who utilise ClaimCenter will be able to download this plug-and-play add-on from the [Guidewire Marketplace](#) for integration with their claims management processes.

"We see our technology as a catalyst for transformation," said John Ridd CEO at eviid. "Our industry-leading video handling capability enables insurance professionals and consumers to authenticate and share securely evidential video material; revamping the gathering, distribution, and assessment of case-critical evidence. Integration with Guidewire's ClaimCenter will enable safe and compliant sharing for claims management across the enterprise and wider supply chain."

"We are pleased to welcome eviid as our latest Guidewire PartnerConnect *Solution* partner," said Neil Betteridge, Vice President, Strategy, Guidewire Software. "With eviid's planned *Ready for Guidewire* add-on our mutual insurance customers will have available to them a tamper-evident video platform that can validate video and photo media, as well as being confident that they have a full and accurate visual evidential view of the claim."

About eviid

eviid has developed a transformative evidential video reporting tool that allows claims professionals and individuals on and off site to capture, validate and share and access video and other media quickly and easily; enabling users to share information, direct from their location, in a single, tamper-evident package. Our patented, proven technology turns video and photos captured on smart devices into reliable, verifiable evidence that is suitable for use in court proceedings, claims management and compliance cases.

Underpinning every part of our business is absolute data security, with some of the biggest names in insurance, facilities management, security and infrastructure trusting us to currently handle over 125,000 videos and images every month.
