

Guidewire Announces Latest Group of PartnerConnect Consulting Program Specialization Recipients

June 22, 2020

SAN MATEO, Calif.--(BUSINESS WIRE)--Jun. 22, 2020-- Guidewire Software, Inc. (NYSE: GWRE), the platform P&C insurers trust to engage, innovate, and grow efficiently, today announced that two specializations have been awarded to two Guidewire PartnerConnect *Consulting* partners across the Americas (AMER) and Europe, Middle East and Africa (EMEA) regions.

The following PartnerConnect *Consulting* partners have been awarded specializations in the third quarter of Guidewire's fiscal year 2020, for the following Guidewire products:

- **GFT:** InsuranceSuite – EMEA
- **PwC:** [Guidewire Cloud](#)

"Congratulations to our most recent group of PartnerConnect *Consulting* partners to achieve Guidewire specializations through their demonstrated services and expertise," said Lisa Walsh, vice president, Alliances, Guidewire Software. "We are extremely pleased to recognize our partners' commitment to providing our joint insurance customers the high caliber of service that they deserve."

Specializations are both regionally and globally based and require partners to demonstrate skills, knowledge, and competency in a specific Guidewire product, as validated by Guidewire certification achievements. The attainment of specializations enables insurers to have more clarity and insight into which partners have proven capabilities in a region. In addition, partners with specializations can better promote their capabilities across Guidewire products and solutions.

Guidewire offers several specialization options for Consulting partner staff to differentiate themselves, which include business analyst, quality analyst, and developer capabilities. Recently, Guidewire Education launched new Certified Associate and Certified Ace designations for analysts, which help partners achieve the Guidewire Cloud Specialization and customers identify cloud-ready talent.

Please find more information about specializations on the Guidewire website [here](#).
