

## ANCILE Solutions Joins Guidewire PartnerConnect Solution Alliance Program; Publishes Ready for Guidewire Accelerator

October 20, 2020

*Digital learning platform integration helps insurers drive InsuranceSuite user adoption through on-the-job customized performance support*

ELKRIDGE, Md. & SAN MATEO, Calif.--(BUSINESS WIRE)--Oct. 20, 2020-- ANCILE Solutions, Inc., creator of uPerform<sup>®</sup>, a digital learning platform that drives user adoption of the world's leading business applications, and Guidewire Software, Inc. (NYSE: GWRE), the platform P&C insurers trust to engage, innovate, and grow efficiently, today announced that ANCILE has joined Guidewire PartnerConnect as a *Solution* partner. The companies also announced that ANCILE's *Ready for Guidewire* validated [accelerator](#) is now available to insurers in the [Guidewire Marketplace](#).

ANCILE's Ready for Guidewire accelerator, uPerform for InsuranceSuite, helps employees master InsuranceSuite applications while they work by providing customized learning directly within their workflows. As a result, it increases employee understanding, efficiency, and adoption of the mission-critical software, ensuring tasks are completed quickly and users are more productive. uPerform is a full learning content platform that allows education teams to accelerate the development, curation, and deployment of training and learning content that accurately reflects their organization's tailored Guidewire applications.

"uPerform drives InsuranceSuite user adoption through on-the-job customized performance support, ensuring an employee gets the help they need, whenever they need it," said Eric Grosogeat, chief executive officer, ANCILE.

With the uPerform *Ready for Guidewire* integration, insurers' customer-facing employees can:

- Provide a better customer experience for policyholders
- Quickly and efficiently use InsuranceSuite to answer customer questions and complete the necessary tasks
- Request help when they need it, rather than setting up another session with the customer
- Optimize time spent with the insured, since they can complete tasks quickly and completely within InsuranceSuite

"We welcome ANCILE Solutions as our latest Guidewire PartnerConnect *Solution* partner," said Becky Mattick, vice president, Solution Alliances, Guidewire Software. "Installing the uPerform accelerator enables our joint customers to increase speed of performance support content creation, and level of InsuranceSuite end user satisfaction, while decreasing training costs and internal help desk calls."

### About ANCILE Solutions

ANCILE Solutions, Inc. is the creator of uPerform<sup>®</sup>, a digital learning platform that drives user adoption of the world's leading healthcare and business applications. Chosen by over half of the Fortune 100, uPerform helps organizations realize the full value of their EHR, HCM, and ERP software by boosting proficiency, driving adoption, and reducing screen time. uPerform provides a digital approach to onboarding, continuous learning with performance support, process compliance, change management, and software documentation.

ANCILE created the learning and performance software category over a decade ago. We were the first to deliver employee-specific content based upon employee's language, location, or role – all from a single content source. And, we were the first to combine context-sensitive help, authoring, publishing, content management, and collaboration all on one platform.
