

TMLIRP Deploys Guidewire System for Claims Management

May 7, 2015

AUSTIN, Texas & FOSTER CITY, Calif.--(BUSINESS WIRE)--May 7, 2015-- Texas Municipal League Intergovernmental Risk Pool (TMLIRP), a provider of risk financing and loss prevention services to Texas municipalities and other units of local government, and Guidewire Software, Inc. (NYSE:GWRE), a provider of software products to Property/Casualty insurers, today announced that TMLIRP has deployed Guidewire ClaimCenter® as its new claims management system.

TMLIRP deployed ClaimCenter to replace its existing claims systems and enhance its operational efficiencies. TMLIRP is in production and functional for the past 7 months with ClaimCenter for all claims across all lines of business.

"We congratulate TMLIRP on successfully completing their ClaimCenter implementation," said Mike Polelle, chief delivery officer, Guidewire Software. "We are honored to have played a role in TMLIRP's business transformation journey."

Guidewire ClaimCenter is an end-to-end claims management system, built from the ground up to meet the specific needs of today's Property/Casualty insurers. ClaimCenter's flexible business rules enable claims organizations to define, enforce, and continually refine their preferred claim handling practices in order to optimize and monitor their claim processes. ClaimCenter is in use by insurers of all sizes across all product lines to improve speed and accuracy, reduce loss adjustment expense, and enable proactive management of claims. ClaimCenter is available as a standalone system or as part of Guidewire InsuranceSuite™, and can be integrated to an insurer's legacy systems or third party applications.

About Texas Municipal League Intergovernmental Risk Pool

Texas Municipal League Intergovernmental Risk Pool's mission is to offer and provide Texas municipalities and other units of local government with a stable and economic source of risk financing and loss prevention services.

By spreading the risk of losses across the state of Texas and across a variety of local governments, and by employing pro-active loss prevention measures, TMLIRP is able to provide a stable and long-term risk financing system for its members.

It is TMLIRP's belief that proper training and a commitment by the members to manage their work environments will lower losses, and, as a result, the cost of coverage will be lower. Learn more about TMLIRP at www.tmlirp.org.

About Guidewire Software

Guidewire builds software products that help Property/Casualty insurers replace their legacy core systems and transform their business. Designed to be flexible and scalable, Guidewire products enable insurers to deliver excellent service, increase market share and lower operating costs. Guidewire InsuranceSuite™ provides the core systems used by insurers as operational systems of record. Additional products provide support for data management, business intelligence, anytime/anywhere access and guidance and monitoring. More than 180 Property/Casualty insurers around the world have selected Guidewire. For more information, please visit www.guidewire.com.
