

Cloverleaf Analytics' InsuranceNow Integration for Business Intelligence and Analytics Now Available in Guidewire Marketplace

June 24, 2021

Cloverleaf Analytics' Ready for Guidewire accelerator empowers InsuranceNow users to analyze and visualize their enterprise and industry data

AUSTIN, Texas & SAN MATEO, Calif.--(BUSINESS WIRE)--Jun. 24, 2021-- Cloverleaf Analytics (Cloverleaf), and Guidewire Software, Inc. (NYSE:GWRE) today announced that Cloverleaf's new *Ready for Guidewire* validated [accelerator](#) is now available to InsuranceNow users in the [Guidewire Marketplace](#). Cloverleaf is an insurance-ready, enterprise business intelligence (BI) and analytics solution provider and Guidewire PartnerConnect *Solution* partner. Guidewire is the platform P&C insurers trust to engage, innovate, and grow efficiently.

Utilizing decades of insurance industry expertise, Cloverleaf's solution provides a fresh perspective on current and historical P&C insurer data that helps insurers proactively improve profitability and reduce risk. The solution does this by collecting and translating diverse enterprise data from internal and external sources into real-time analytics and dynamic visualizations. It provides users with pre-built and ad hoc reporting abilities, customizable dashboards, alerts, and scorecards using over 900 key performance indicators.

Through up-to-the minute trends analysis, insurers can make quality business decisions more efficiently to better protect their business and the insured. Cloverleaf's accelerator allows InsuranceNow users to connect directly to its analytics and BI technology. Cloverleaf can be live in weeks as it was purpose-built for the insurance industry, helping insurers to more quickly deploy and receive meaningful insights from their BI system.

With Cloverleaf's integration for InsuranceNow, insurers can:

- Save time and avoid the potential errors that come with manual data manipulations;
- Quickly optimize underwriting and claims handling and achieve better enterprise performance management; and
- Increase profitability by targeting and retaining the right customers.

"Like Guidewire, Cloverleaf is completely committed to the P&C insurance industry," said Robert Clark, President and CEO, Cloverleaf Analytics. "We provide an insurance-specific BI solution with robust reporting and visualization capabilities which, through this accelerator, integrates seamlessly with InsuranceNow. We are thrilled to now deliver this valuable technology to our shared customers providing quick return on investment with immediate and long-term value."

"We congratulate Cloverleaf on the release of its InsuranceNow accelerator for analytics and BI," said Neil Betteridge, vice president, Strategy, Guidewire Software. "Drawing impactful insights from the vast array of available internal and external data can be a daunting task for insurers. Cloverleaf's technology, available through its accelerator, helps our joint customers interpret and visualize their data through an easy to use, intuitive user interface."

About Cloverleaf Analytics

Cloverleaf Analytics (Cloverleaf) delivers a comprehensive business intelligence (BI) solution which reduces risk and improves profitability and performance for P&C insurance companies. Cloverleaf consolidates enterprise data for real-time analytics and visualizations which drive underwriting efficiency, claims optimization, and better enterprise performance management through pre-built and ad hoc reporting capabilities.
