“Leaders have the highest combined scores for Ability to Execute and Completeness of Vision. They have a thorough market understanding, a strong non-life-insurance industry focus, and a clearly articulated vision for the future of the market and their products. Leaders offer

technically solid and functionally complete software products. They have proven implementation track records with an adequate installed base,” according to the Gartner report.

“We are honoured to be recognised by Gartner for the fourth year in a row as a Leader in its Magic Quadrant for Non-Life Insurance Platforms, Europe,” said Laurent Fontaine, group vice president, Sales, EMEA, Guidewire Software. “We are committed to leading technology innovation in the non-life insurance industry and are setting the bar with our cloud-optimised platform. Customer success remains our top priority and we embrace those insurers seeking to modernise their legacy infrastructures and those wanting to test cloud by quickly bringing new business to market via a greenfield approach.”

Guidewire’s momentum with InsuranceSuite during 2020 – 2021 includes:

- Twice yearly releases of the Guidewire platform ([Aspen](#) and [Banff](#) in 2020, and [Cortina](#) so far in 2021), delivered as a cloud service, to accelerate innovation. Complex upgrades are a thing of the past, and operation and maintenance burdens are transferred to Guidewire.
- Delivery of Guidewire Cloud Platform which provides a Guidewire-engineered architecture for the cloud. It includes infrastructure, application services, and data services and enables the provisioning, scalability, and security of Guidewire cloud products.
- The reimagined Guidewire core platform with embedded analytics and native support for digital experiences for customers, agents, and employees — the most complete P&C insurance platform in the world.
- The industry’s first smart-loop analytics platform which enables improved understanding of risk signal, more automated processes, better decision-making, a better customer experience, and improved business intelligence.
- A complete set of APIs and integration tools, along with a world-class developer experience, that accelerate innovation while making it easier to integrate with other systems and build add-ons through a growing [Guidewire Marketplace](#).
- Product functional completeness, tooling, and methodology to continually drive down the cost of implementing and operating the Guidewire platform.

*Additional Recognition:

- Magic Quadrant for P&C Core Platforms, North America, named a Leader seven consecutive times*
