

Complete Claim Investigations Faster with New Guidewire Marketplace App from Allied Universal Compliance and Investigations

April 11, 2022

SAN MATEO, Calif. & SANTA ANA, Calif.--(BUSINESS WIRE)--Apr. 11, 2022-- [Guidewire](#) (NYSE: GWRE) and [Allied Universal® Compliance and Investigations](#) announced that Allied Universal's new *Ready for Guidewire* [add-on](#) for Guidewire ClaimCenter is now available in the [Guidewire Marketplace](#).

Insurance fraud results in monetary [losses](#) of billions of dollars every year, according to the Coalition Against Insurance Fraud. To combat insurance fraud, Allied Universal Compliance and Investigations partners with insurers and third-party administrators to shorten the cycle time for claim investigations, enabling them to better serve customers and more quickly bring claims to closure. Allied Universal Compliance and Investigations' PartnerLink app for ClaimCenter streamlines the investigation process, allowing claim handlers to easily generate referrals and access information and files within ClaimCenter.

Allied Universal Compliance and Investigations customizes services to meet insurer needs across P&C, automobile, workers' compensation, and other coverage areas. The organization's approximately 10,000 professionals adhere to strict information management and operation security protocols, procedures, and compliance standards. PartnerLink integrates encrypted information within ClaimCenter, enabling adjusters to securely assemble, analyze and act on investigation data to build claim information, create real-time dashboards, and view business intelligence, optimizing efficiency and saving time.

With the Allied Universal Compliance and Investigations app for claim investigations, claim handlers can:

- Instantly auto-populate data within ClaimCenter and identify claims to fast-track;
- Receive automated status updates and directly receive and review investigative reports; and
- Access traditional field service files as well as video interviews.

"Our integration with Guidewire saves time and optimizes efficiency," said Michael J. Malone, president, Allied Universal Compliance and Investigations. "In a secure environment, PartnerLink transforms investigations, providing access with a single click."

"We congratulate Allied Universal Compliance and Investigations on the release of its PartnerLink app for investigative services for ClaimCenter," said Becky Mattick, vice president, Global Solution Alliances, Guidewire. "Fraud continues to be prevalent, and this empowers insurers to quickly and effectively manage investigations and resolve claims."
