

Cornerstone National Insurance Company Implements Guidewire InsuranceNow to Accelerate Speed-to-Market and Drive Business Growth

May 11, 2022

Ready-to-go, all-in-one core platform in the cloud enabling Missouri insurer to quickly launch new products

COLUMBIA, Mo. & SAN MATEO, Calif.--(BUSINESS WIRE)--May 11, 2022-- Cornerstone National Insurance Company (CNI), a Missouri-based multi-state insurance company, and Guidewire (NYSE: GWRE), the platform P&C insurers trust to engage, innovate, and grow efficiently, today announced that CNI has implemented Guidewire InsuranceNow to accelerate speed-to-market to quickly launch new products and drive business growth.

"We selected InsuranceNow because CNI needed a robust system that will make it easier for our agents to do business with us, as that is our highest priority," said Brooke Wilkens, Chief Operations Officer, Innovated Holdings, Inc., a subsidiary of CFM Insurance which acquired CNI in 2019. "InsuranceNow is an essential component to achieve our vision of offering a packaged auto, home, and umbrella product. Also, the Guidewire team reflects our vision and values, which is very important to us as we view this as a long-term partnership where Guidewire is helping us grow our business and supporting the future direction and strategy of the company."

Wilkens added, "The cloud and All-in-One aspects were critical in our decision to select InsuranceNow. We wanted to stay in the cloud as that is how we had previously been running our business, and the out-of-the-box reporting and dashboard functionalities enable us to streamline our data and have it all readily available in one system to help us conduct our business."

"We congratulate CNI on its successful InsuranceNow implementation to grow its business," said Richard Henderson, Vice President, InsuranceNow Delivery, Guidewire Software. "CNI has been a fantastic partner throughout the implementation process, and we are thrilled that InsuranceNow is providing the usability and functionality that supports CNI's market strategy."
