

Guidewire Announces Ravin AI as New Solution Alliance Partner to Accelerate Auto Claims Processing

September 15, 2022

SAN MATEO, Calif. & AUSTIN, Texas--(BUSINESS WIRE)--Sep. 15, 2022-- Guidewire (NYSE: GWRE) and [Ravin AI](#) announced that Ravin has joined Guidewire PartnerConnect as a *Solution* partner.

Ravin's automated vehicle inspection tool enables non-professionals, like insurance customers, to capture the condition of a vehicle accurately. It leverages advanced computer vision and deep learning to analyze car damage and generate a 360-degree condition report or repair estimate. When completed, Ravin's *Ready for Guidewire* integration will enable Guidewire users to access its vehicle inspection tool from within ClaimCenter, expediting and enhancing the vehicle inspection process.

"Our technology was built from 360-degree vehicle scans from over half a billion organic images and includes our unique capture AI," said Eliron Ekstein, co-founder and chief executive officer, Ravin AI. "We built these tools to not only analyze images uploaded manually, but also to automatically capture the correct images for the user, which make it easier for customers and more accurate for their insurers. We are thrilled to be connecting our technology with Guidewire's, making it simple for our shared customers to settle their auto claims faster."

"We are delighted to welcome Ravin to the PartnerConnect ecosystem as our newest Solution partner," said Becky Mattick, vice president, Global Solution Alliances, Guidewire. "We look forward to seeing Ravin's technology, derived from deep automotive knowledge, help our shared customers reduce fraud, save on costs, and accelerate cycle times."

About Ravin AI

Ravin AI is an international provider of automated artificial intelligence solutions for vehicle inspections serving diverse fleet, insurance, and remarketing customers around the world. Unlike other marketplace solutions, Ravin does not require its customers to purchase or install dedicated hardware but rather uses mobile and CCTV cameras. Ravin AI was founded in 2018 by Eliron Ekstein and Roman Sandler and has raised \$30M to date from investors including KAR Global (owner of ADESA auctions, AutoVIN inspection and more), PICO Venture Partners, FM Capital, and Shell Ventures. Strategic partners include Toyota Financial. For more information, visit [ravin.ai](#).
