

Guidewire Announces Photocert as New Solution Alliance Partner to Enhance Efficiency and Fight Fraud

February 9, 2023

SAN MATEO, Calif. & LONDON--(BUSINESS WIRE)--Feb. 9, 2023-- Guidewire (NYSE: GWRE) and Photocert announced that Photocert has joined Guidewire PartnerConnect as a *Solution* partner.

P&C insurers are under great pressure to provide the best possible service and reduce expenses, increasing their reliance on visual information. However, technology has also simplified the ability to create or alter digital media, thereby also increasing the potential for fraud.

Photocert has developed artificial intelligence (AI) technology that helps automate visual inspections and authenticate digital media. Photocert's *Ready for Guidewire* integration will enable users to harness this technology within ClaimCenter.

"Our mission is to make visual data more trustworthy and useful," said Pasquale Saviano, Chief Executive Officer, Photocert. "Because of our partnership with Guidewire, we can extend this mission and enable our shared customers to improve their claims and underwriting processes while mitigating fraud."

"We are pleased to welcome Photocert to the PartnerConnect ecosystem as our newest Solution partner," said Will Murphy, Vice President, Technology Alliances Strategy, Guidewire. "Photocert's technology can help insurers improve service by automating visual inspections, and reduce costs while also reducing their exposure to image and PDF fraud."

About Photocert

More and more insurers are automating processes relying on visual information; meanwhile, technological advances have made creating fake photos, videos and PDFs more effortless than ever before. Using best-in-class technologies to guarantee data integrity, Photocert helps insurance companies automate processes while preventing fraud and enhancing the customer's journey.
