

## Builders Insurance Group Selects Guidewire to Increase Business Agility and Foster Business Growth

March 7, 2023

ATLANTA & SAN MATEO, Calif.--(BUSINESS WIRE)--Mar. 7, 2023-- [Builders Insurance Group](#) (Builders), a commercial insurance provider, and [Guidewire](#) (NYSE: GWRE) announced that Builders selected InsuranceSuite on Guidewire Cloud to power its core systems, simplify its IT operations, adapt to changing market demands, and deliver more value to its agents and policyholders. The company plans to simultaneously implement InsuranceSuite across all lines of business and states where it operates. Guidewire PartnerConnect Consulting Premier member PwC will be leading the implementation project.

"We selected InsuranceSuite on Guidewire Cloud to replace our existing core platform to improve speed-to-market, enhance underwriting efficiencies, and offer full-service capabilities to our customers," said Builders Chief Information Officer Andrew Dunn. "We will also have greater access to data for our actuaries and data scientists to profitably expand into new product lines. And by selecting and implementing InsuranceSuite's claims, policy and billing capabilities, we will achieve our strategic goals and better interface with agents, policyholders, managing general agents (MGAs) and managing general underwriters (MGUs), among other things."

Builders Chief Marketing and Underwriting Officer Mark Gromek added, "Our vision to deliver best-in-class products and services through our professional experts required our technology to match the expectations of our agents and policyholders. With Guidewire Cloud, we will stay current with Guidewire's latest technology and innovations and enable our sales, underwriting and claims teams to work closer with agents to provide the best experience for our mutual clients."

"We're pleased to work with Builders on this implementation project," said PwC Principal Imran Ilyas. "Transforming core systems can help provide Builders with enterprise agility to support real-time agent connectivity and the capability that can help them adapt quickly and implement new tools and upgrades. We look forward to supporting Builders along their journey."

"We celebrate Builders' 30 years of service to builders and small businesses of all kinds in the Southeast," said Guidewire Chief Sales Officer David Laker. "We are delighted that the company will leverage Guidewire to continuously improve their insurance products to give customers superior coverage at reasonable rates and help them develop and maintain a safe work environment."
