

## Supercharge Operational Efficiency with SMA Technologies' New Guidewire Marketplace Accelerator

October 24, 2023

SAN MATEO, Calif. & HOUSTON--(BUSINESS WIRE)--Oct. 24, 2023-- Guidewire (NYSE: GWRE) and SMA Technologies (SMA) announced that SMA's new *Ready for Guidewire* validated [accelerator](#), compatible with Guidewire Cloud, is now live in the [Guidewire Marketplace](#).

SMA's powerful workload automation solution, [OpCon](#), helps insurers to streamline processes and eliminate manual tasks, saving users time and manual labor. Integrated with Guidewire Cloud, the OpCon accelerator provides a single point of control for monitoring and enhancing the execution of multiple batch processes and work queues within InsuranceSuite, unlocking even more value from modernization initiatives.

SMA's OpCon Accelerator for Guidewire Cloud enables insurers to:

- Improve accuracy and cost savings;
- Reduce IT complexity and risk; and
- Optimize operational efficiency throughout the enterprise.

The OpCon accelerator can be applied to the core systems in InsuranceSuite Cloud - ClaimCenter, BillingCenter, and PolicyCenter. It empowers users to synchronize ClaimCenter data to reduce claim cycle time, boost the efficiency and accuracy of BillingCenter teams, and orchestrate PolicyCenter-dependent processes. It also facilitates automated end-of-day/week/month processing, speedy reporting and simplified auditing, and automated commission and third-party payments.

"OpCon customers who harness the full power of automation can [save \\$30,000 or more a month](#) by automating manual tasks and orchestrating workflows across systems and applications," said Todd Dauchy, CEO of SMA Technologies. "We are excited to partner with Guidewire to put the power of automation in their customers' hands to drive operational efficiency and accelerate the business contribution of IT."

"Congratulations to SMA Technologies on the release of its new Guidewire Cloud accelerator," said Will Murphy, Vice President, Global Technology Alliances, Guidewire. "Insurers must continually reckon with ever-changing economic conditions and high customer expectations, making innovative technology and strategic process changes critical for success. SMA's OpCon accelerator enables process automation, freeing up internal bandwidth to further address these objectives."

SMA Technologies is a [Silver](#) level sponsor of [Guidewire Connections 2023](#). For more information on the integration, visit the SMA Technologies booth (S26) at Connections.

### About SMA Technologies

[SMA Technologies](#) is the maker of OpCon, the leading workload automation and orchestration platform for banks, credit unions, insurance companies and other financial services businesses. The platform delivers enterprise power and scalability without the complexity or cost.
