

Modernize Subrogation with Arbitration Forums' New Guidewire Cloud Integration

December 12, 2024

SAN MATEO, Calif. & TAMPA, Fla.--(BUSINESS WIRE)--Dec. 12, 2024-- Guidewire (NYSE: GWRE) and Arbitration Forums, Inc. (AF) announced that AF's new *Ready for Guidewire* validated [integration](#) is now available in the [Guidewire Marketplace](#) to ClaimCenter users on Guidewire Cloud.

AF is a membership-driven, not-for-profit organization that provides arbitration and subrogation services and solutions for its members' recovery and resolution needs. Its E-Subro Hub® platform enables users to electronically send and receive subrogation demands, manage subrogation claims, and move demands to intercompany arbitration if needed. The AF accelerator connects E-Subro Hub with Guidewire for streamlined implementation and integration.

With the Arbitration Forums Recovery Accelerator, insurers can:

- Rapidly file and negotiate demands in E-Subro Hub from within ClaimCenter;
- Automate data transfer to AF systems to process subrogation demands, ensuring data accuracy and subrogation team efficiency; and
- Reduce the costs and manual labor traditionally associated with subrogation demands and claims.

"It's at the heart of AF's mission to continue to innovate and deliver significant value for our members," said Eric Spencer, President and Chief Executive Officer, Arbitration Forums. "The AF Subrogation Accelerator for Guidewire ClaimCenter makes it easy for member employees to stay in their claim systems to subrogate, while delivering improved efficiencies and expense savings."

"Congratulations to Arbitration Forums on the release of its new ClaimCenter integration," said Will Murphy, Vice President, Global Technology Alliances, Guidewire. "AF's integration with ClaimCenter can help improve insurer productivity and provide cost savings by avoiding manual effort and potential resulting errors from redundant data entry."

About Arbitration Forums
