April 17, 2025

Guidewire also celebrates new Technology partners, partner promotions, and integration additions to the Guidewire Marketplace

SAN MATEO, Calif.--(BUSINESS WIRE)--Apr. 17, 2025-- Guidewire (NYSE: GWRE) announced that its industry-leading [PartnerConnect](#) ecosystem partners have now earned more than 250 specializations, highlighting the extensive depth and breadth of experience among Guidewire Consulting partners. It also unveiled two new Digital specializations to ensure that partners are equipped with the unique technical know-how to address the evolving needs of its customers.

New Technology partners, Guidewire Marketplace updates, and several specialization achievements in its PartnerConnect ecosystem were also announced.

Recognizing Guidewire Partners' Digital Excellence

Guidewire has introduced two new Digital specializations: Jutro Digital Platform (Jutro) and EnterpriseEngage. To achieve specializations, Consulting partners are required to demonstrate skills, knowledge, and competency in a specific Guidewire product or solution, as validated by Guidewire certification achievements and relevant customer references.

The Jutro specialization recognizes a partner's ability to develop self-service experiences by surfacing the capabilities of [InsuranceSuite](#) leveraging [Guidewire Jutro](#). "We are delighted that Guidewire Consulting partners have surpassed 250 specializations. It is a tremendous milestone that demonstrates their purpose-driven dedication and expertise in furthering our customers' success," said Lisa Walsh, Group Vice President, Global Consulting Alliances, Guidewire.
