

Guidewire Predict Named “Embedded Analytics Solution of the Year” in 2025 Data Breakthrough Awards

May 14, 2025

SAN MATEO, Calif.--(BUSINESS WIRE)--May 14, 2025-- Guidewire (NYSE: GWRE) announced that [Guidewire Predict](#), its industry-leading Machine Learning (ML) application enabling P&C insurers to make smarter decisions on risk selection, pricing, and claims, has been named “Embedded Analytics Solution of the Year” in the 2025 Data Breakthrough Awards.

The awards program is conducted by [Data Breakthrough](#), an independent market intelligence organization recognizing companies, technologies and products in the global data technology market.

“We are honored to be recognized with a prestigious Data Breakthrough Award,” said Leo Tenenblat, Senior Vice President and General Manager, Data and Analytics, Guidewire. “Guidewire is committed to transformative innovation and technology that drives agility and success for P&C insurers. With Guidewire Predict, insurers have a predictive analytics solution that enables a systematic process to unlock value from analytics, enhancing their decision-making and improving business outcomes.”

Guidewire Predict simplifies the deployment, embedding, and monitoring of predictive models within core systems so insurers can act on data-driven insights in real-time. As a Bring Your Own Model solution (BYOM), insurers can bring their own models built in R, Python, SAS, and other frameworks, into the system. Guidewire Predict accelerates the deployment of the modeling solutions so insurers can respond to market changes by quickly operationalizing them.

With Predict, embedded predictive insights are directly available to insurance professionals in core workflows, enabling smarter risk management and optimizing claims processing.

“Guidewire Predict empowers insurers, reinsurers, and MGAs to make more informed decisions by embedding actionable insights into their core systems, enabling smarter risk management, optimized claims processing, and better business results,” said Steve Johansson, Managing Director, Data Breakthrough. “We’re thrilled to recognize Guidewire with ‘Embedded Analytics Solution of the Year!’”

The annual Data Breakthrough Awards is the premier awards program founded to recognize the data technology innovators, leaders and visionaries from around the world in a range of categories, including DataOps, analytics, AI, business intelligence, data privacy, data storage, and more. Now in its sixth year, the awards program attracted thousands of nominations from across the globe.
